

CERRIG CORNEL

At Cerrig Cornel we work with a housing provider to offer permanent, respite accommodation that provides 24-hour support for people with Learning Disabilities and/or Mental Health problems. The property has the added benefit of having a registered domiciliary care agency on the grounds, which enables us to support Service Users with medication and personal care.

We are based in Llanegryn, just four miles from the seaside town of Tywyn, and six miles from the popular tourist area of Aberdovey in North-West Wales.

Our aim and ethos are to enable people to develop a firm foundation from which to build a better future, lead happy and fulfilling lives and enjoy positive relationships with their families, friends and the wider community.

SPECIALIST EXPERTISE

Cerrig Cornel is registered to provide services for adults over 18 in the following categories:

- older people
- adults with Physical Disabilities
- adults with Sensory Loss/Impairment
- adults with Learning Disabilities
- adults with Mental Health problems
- Elderly Mentally Infirm (EMI).

We have an established service that offers exceptional care and support to all tenants, providing both 24-hour shared support and one-to-one support for specific identified needs. Our holistic and person-centred approach takes into account all areas of individuals' lives that are important to and for them.

At Cerrig Cornel we focus on supporting people who, whilst they have the potential for independent living, nevertheless need practical help and guidance to enable them to make the most of their new situation.

- We can offer short term, emergency and respite placements.
- The highest levels of 24-hour support
- Senior management on call 24 hours a day
- A holistic and person-centred approach to care delivery
- An experienced and well-established staff team that is energetic and enthusiastic
- Support needed to move on to greater independence
- A therapeutic and comfortable environment

ABOUT THE PROPERTY

Cerrig Cornel is a traditional 19th century Welsh farmstead that has been extended and converted to provide a range of separate households with the added twist of modern interiors.

Because all our households are on one site, Service Users benefit from mutual support, enabling them to develop their social skills and enjoy the benefits of community living. Also on site, there is a spacious building that provides community rooms, giving us the opportunity to develop day care services as and when this becomes a necessary factor in meeting the Service Users defined needs.

The types of houses that we have on site are:

- a cosy, one-bedded, self-contained cottage
- a spacious, three-bedded cottage, all rooms are en suite and on the ground floor
- a one-bedded flat that has been specially adapted for physically disabled
- a one-bedded, self-contained flat
- a spacious, five-bedded house
- a large, four-bedded house, with one ground floor room specially adapted to suit a wheelchair user.

Current vacancies are:

- the three-bedded cottage, all rooms are en suite and on the ground floor
- the four-bedded house, with one room specially adapted to suit a wheelchair user
- the one-bedded, self-contained flat
- one vacancy in the five-bedded house.
